# John H. Daniels Faculty of Architecture, Landscape and Design

## Summer Session Undergraduate Timetable - 2018

---

**\* NOTE: Summer 2018 is the last time ARC314H1 will be offered.**

---

### **Enrolment Controls**

N.B. The ACORN system does NOT check prerequisites/corequisites and exclusions in real time when enrolling in courses. Students are responsible for fulfilling prerequisites and co-requisites; students enrolled in courses for which they do not have the published prerequisite or co-requisites may have their registration in those courses cancelled at any time without warning. If you have been granted a waiver for any prerequisite/corequisite/exclusion, please ensure that a copy of your waiver is on file with the Office of the Registrar BEFORE enrolling in your course.

At Daniels, we use the Priority Enrolment, Enrolment not available via ACORN and Restricted Enrolment indicators.

### **Priority Enrolment**

Students in a specific admission category or subject POST and/or year of study will receive PRIORITY from March 1 - March 7. On March 8 at 6 a.m., the priority is removed and some of the remaining spaces will be made available to all students. You can request P courses on ROSI. Waiting lists are available from March 1 to May 10 for F/Y section code courses and to July 5 for S section code courses.

### **Enrolment is not available through ACORN.**

Enrolment is done at the Department (not on ACORN). This course is restricted and you may not enrol if you do not meet the enrolment control. Please review the Academic Calendar for the enrolment control.

### **Restricted**

The course is RESTRICTED to a specific group(s) of students at all times. This restriction does not change at any time during the enrolment cycle. You can request R courses on ROSI. Waiting lists are available from March 1 to May 10 for F/Y section code courses and to July 5 for S section code courses.
