

Message to All Daniels Students | as of March 13, 4:40pm

Dear Students,

Following the Presidents message this morning, we consulted with Senior Administration and Program Directors. We have decided to make provisions for all in-person graduate and undergraduate class meetings (lecture and studio) to be held remotely/online beginning Monday, March 16 to Friday, April 3 (last day of classes).

The University will remain open. This includes all Daniels student spaces, facilities and administrative offices.

By Monday morning, your instructor will express their plan:

- for delivering course content remotely,
- for receiving work submissions, and
- communication and critique of your work.

The online format will not necessarily change any of the following:

- Assignment deadlines
- Assignment weighting
- Assignment marking scheme/rubric

All students are still required to complete the requirements of their course, whether these are online submissions or otherwise.

We anticipate that our final reviews and exams will be handled in a digital manner and will require an online submission. Details on this will follow as the situation unfolds.

All members of the Daniels community should follow UofTs updates [here](#)

Sincerely,
Andrea

Andrea McGee | Registrar & Assistant Dean, Students
