

# U. OF T. SCHOOL OF THE ENVIRONMENT - CUPE 3902 Unit 1 - TA Job Posting

Fall/Winter Session 2018-19

Posted on: November 21, 2018

Applications due: December 12, 2018

Graduate student with a diversity of experience and knowledge in the environmental fields is sought for the following course.

**Applicants are requested not to apply to TA positions for which they do not have the qualifications listed in the table below.**

**The position, as well as the final number of hours for the position, will be dependent on the final enrolment numbers and available financial resources.** The course outline (syllabus) for this course, as offered in 2017-18, is available at:

<https://www.environment.utoronto.ca/undergraduate/course-list/> but please note that the course content will be different this year.

Course Number and Title	Course Enrolment (est.)	Number of Positions (est.)	Appointment in Hours (est.)	Dates of Appointments	Course Description	Qualifications	Duties
ENV307H1 Urban Sustainability	90	1	108	Jan 1, 2019 to April 30, 2019 Lecture 1 – 4 pm Thursday	This course critically examines the concept of urban sustainability in theory and application. Case studies of ongoing urban sustainability programs in the developed and developing world help students assess the successes and failures of these programs. The course also examines the current state of research and implementation efforts toward urban sustainability.	University of Toronto graduate student who has completed one year of graduate study and who <b>has a demonstrated scholarly expertise in Environmental Studies, particularly as it relates to environmental planning. Introductory-level Geographic Information Systems (GIS) software will be taught as part of the class, so any experience in GIS software or analysis is beneficial.</b>	Duties include grading assignments, preparing and holding tutorials, and general assistance.

**NOTES:**
