Student Choice Initiative – Opt Out of Incidental Fees

Incidental fees listed on your ACORN fees invoice are amounts charged in addition to tuition which support services and programs that contribute to the student experience and student wellbeing and include fees for University-operated student services (such as campus Career Centres and Hart House).

As of fall 2019, the Ontario Government has defined what may be charged as a mandatory (or compulsory) incidental fee. All other fees are defined as optional and students may choose to opt out of those fees.

The University encourages your support of its services and student societies. **It is important to read the information provided regarding the fees before choosing to opt out. Opting out of any program or service may limit your access to that program or service.**

Opting out of incidental fees:

- Review the ACORN Help information regarding incidental fees:
<https://help.acorn.utoronto.ca/faq/incidental-fees/>

- No action is required if you do not wish to opt out of your optional incidental fees.
- From your ACORN dashboard, click the Financial Account link in the Finances section on the left-hand menu.
 - On the Financial Account screen, click the Review Fees button in the Incidental Fees section. This will say 'View Statement' if your fee selections have already been submitted.
 - **IMPORTANT:** You cannot make any changes to your opt-out selection after you click on the Confirm & Submit Fee Selection button.
- **Opt-out deadline for fall term fees:** September 19.
 - You cannot opt out of fall term fees after this date.
- You can opt-out of winter term incidental fees at a later date (TBA).
 - If you opted out of fees in the fall, and wish to continue to opt out, you must select those fees again for the winter term.
